

Introduction

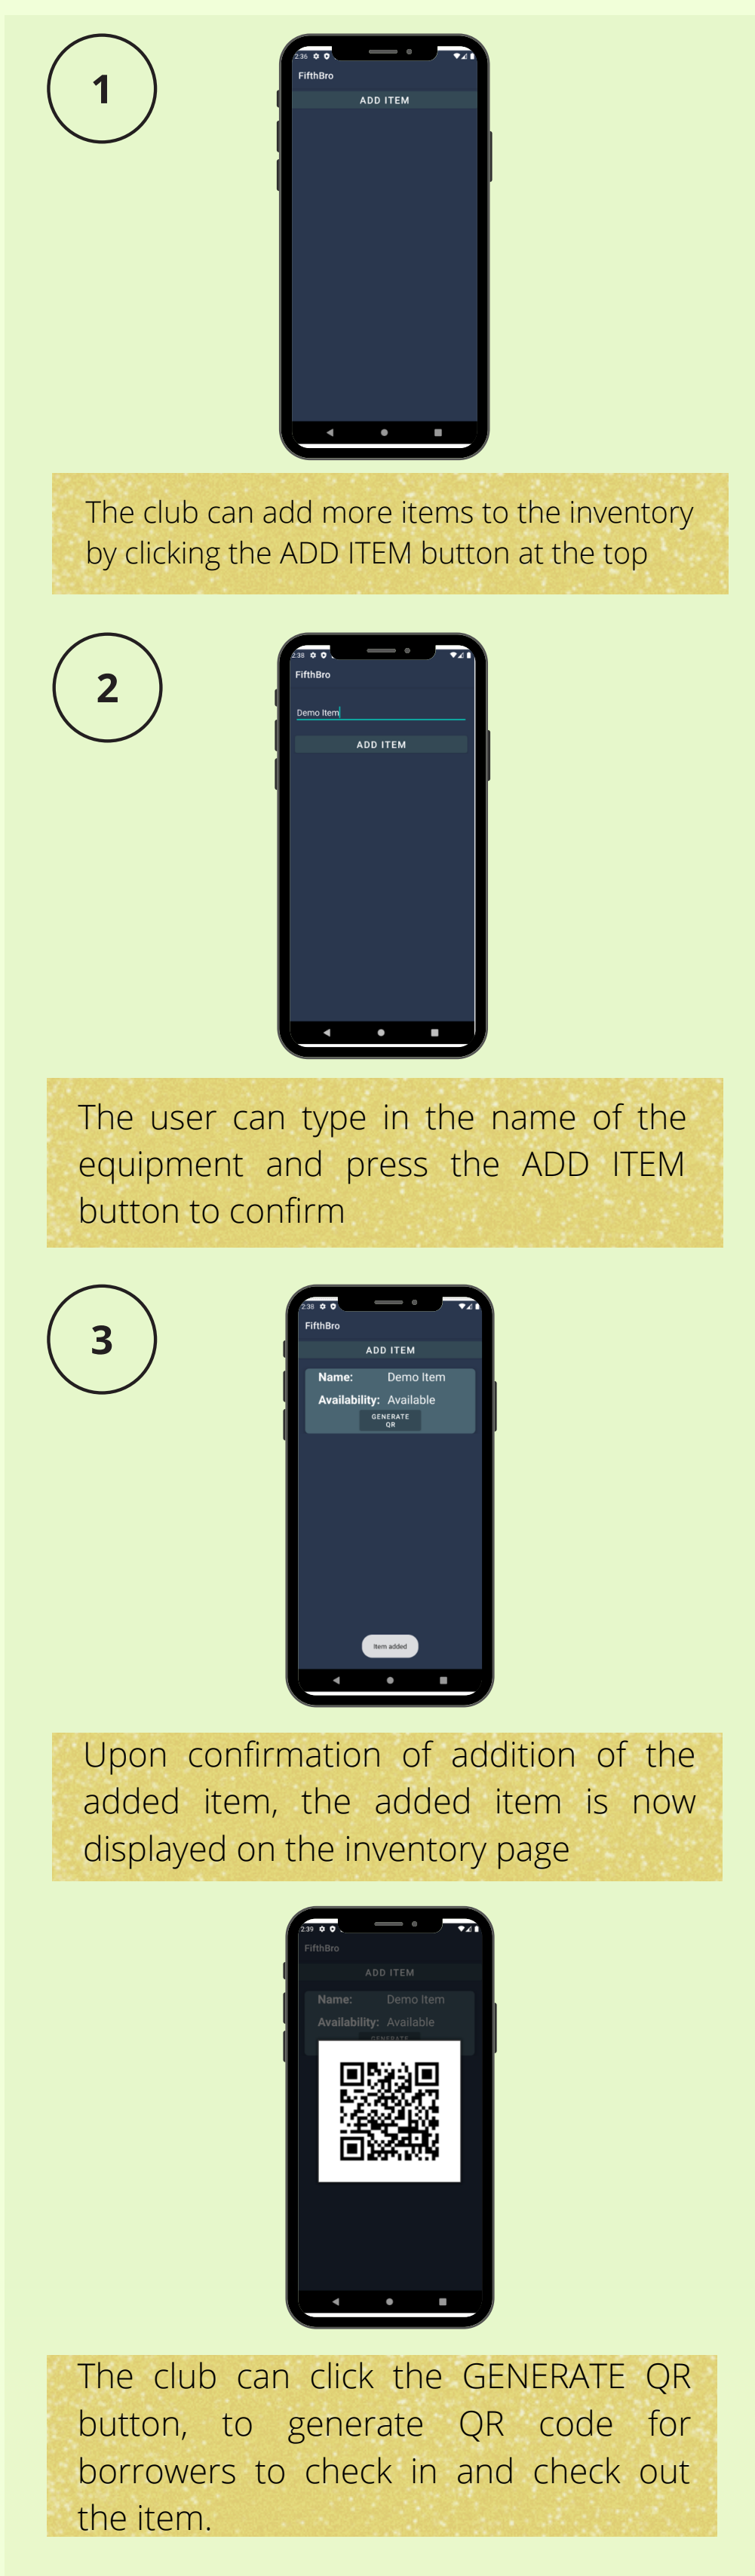

Currently, to borrow equipment, the EXCOs of the respective fifth rows drop a message to OSL. This is highly ineffective and is a waste of manpower. This also means that other students would not be able to borrow the equipment for leisure when the equipment are not in use. As such we have produced an Application called Fifth bro. This application allows EXCOs to book equipment from other fifth rows as well as loan their equipment out. With this application, students outside of the fifth row will be able to borrow the equipment

John Lim Jie Sheng 1004602
Saw Yi Xuan 1004655
Cheh Kang Ming 1005174
Alphonsus Tan Yong Shing 1005534
Tron Ng 1004298
Theresa Lam 1005477
Acquillaa Bathumalai 1005337

Future Development

1. Usage of NFC scanning to check items in and out
2. Addition of rating systems to prevent abuse of the system
3. Allow fifth rows to list their events and concerts. Students can then buy tickets on the app.
